**BENZODIAZEPINE/STIMULANTS**

In the course of my treatment, the doctors may prescribe medications that have special instructions, random urine screens, pill counts and limited availability. If during treatment, benzodiazepines or other stimulants are prescribed, I have read and understood this policy and the additional information in the Client Orientation Packet.

I, \_\_\_\_\_, understand that I may be prescribed a benzodiazepine (i.e. Xanax, Valium, Ativan, Klonopin) and/or a Stimulant (i.e. Ritalin, Adderall, etc.) to address my current medical needs. **This medication can be addictive if taken over a long period of time; therefore, the goal of this medication is for short-term use until other non-addictive medications & therapeutic skills can be taught to address my medical condition.**

A doctor must be seen in order for medication to be given. By agreeing to take these medications, I understand that any sudden discontinuation of this medication could lead to harmful medical conditions. Non-compliance to this agreement could lead to a sudden discontinuation of the medications. If this occurs, go to the nearest Emergency Room.

**If I fill a prescription for benzodiazepine/stimulants from any other physician, other than the doctor being seen at Wellness, Woodman or CommuniKare I understand that I will be permanently terminated from this agency. I have read this agreement in full, and understand all requirements and will comply with the above statement.**
